## Benson Summoned to Georgia by President for Farm Bill Conference

### Secretary, Other Advisers Will Meet With Ike Saturday

AUGUSTA, Ga. (AP) — President Eisenhower today summoned Agriculture Secretary Ezra Taft Benson to his vacation retreat for conferences on the controversial farm bill.

Benson was scheduled to arrive at 9 o'clock EST tonight with a group of other presidential advisers and confer with Mr. Eisenhower at his vacation headquarters at 8 a. m. Saturday.

Presidential Press Secretary James C. Hagerty declined to say whether the President's highly unusual conference with his cabinet member might relate directly to a decision to sign or veto the bill. **Speaks On Tuesday**

It was pointed out that the President has scheduled a major political address in Washington for next Tuesday night before a gathering of Republican state chairmen and finance committee leaders.

Benson will be accompanied on his trip to Augusta by True D. Morse, assistant secretary of agriculture, Don Paalberg, one of Benson's specialists on public relations; Gabriel Hauge, economic adviser to the President, and Kevin McKann, chief White House speech writer.

The President has seldom called a cabinet member to a vacation headquarters since he has been in office. The only previous ones have been with Secretary of State John Foster Dulles and Defense Secretary Charles E. Wilson.

**Top Campaign Issue**  
Benson's forthcoming trip to the little White House on the edge of the Augusta National Golf Course couples in one event one of the most controversial figures in government and a top 1956 campaign issue.

Since congress passed the farm bill providing for the unwanted fixed price supports the Democratic campaigners have filled the air with challenges for the President to sign it, or face what they tried to paint as ominous political consequences.

## Illinois to Draft 800 Men in June

CHICAGO (AP) — Selective Service officials said today Illinois will supply about 800 of the Army's 12,000-man draft call for June.

The June call, double the April call, is the same as that for May. Illinois usually supplies between 6 and 7 per cent of the nation's draft quota. Col. Francis W. Woodward, deputy state director of the service, said.

Woodward said 395 men were drafted in Illinois during April. He said all draftees are going into the Army in April, May and June. By the end of June 2,044,430 men will have been drafted into the armed forces since September, 1950.

## Prince Rainier Angrily Bars Press Photographers from Civil Wedding

MONACO (AP) — A sensitive Prince Rainier III angrily barred all press photographers from his civil wedding to Grace Kelly in retaliation for their hectic efforts to photograph him today.

"I regret to announce that access to the palace will henceforth be barred to press photographers," an official announcement by Rainier's press chief said.

An official spokesman confirmed this mean cancellation of arrangements to allow photographers into the palace throne room before and after the civil wedding ceremony April 18—the only palace access so far granted to photographers.

The prince was known to have brooded at the scope of efforts by reporters and photographers to cover his marriage.

He exploded after some 50 photographers made a human barricade across a road along which he was driving with Miss Kelly. They tried to stop the car so they could

## Seek \$56,187 For Deaths of Two In Plane Crash

MARION, Ill. (AP) — The employer and the widows of two Mattoon men killed in a plane crash have sued Southern Homes, Inc., of Marion, for damages of \$56,187.

Midwest Homes, Inc. of Charleston, and the widows of Thomas G. Falk and Lloyd Patheal, filed suit Thursday in William county circuit court. Each of the widows asked damages of \$20,000 and the corporation sought \$16,187.

Falk and Patheal were killed in the crash of a plane owned by Southern Homes near South Bend, Ind., in April 1955. The pilot also died in the crash.

The suit charged that Southern Homes was negligent in the operation of the airplane.

## Sullivan Holds Lead; Some of Canvass Complete

Dale H. Sullivan of Harrisburg today continued to lead C. L. McCormick of Vienna for state representative by an unofficial margin of approximately 100 votes with some of the vote canvassed and some of it not.

Sullivan and McCormick are fighting for the second post behind Gordon Kerr of Brookport, who led the ticket.

It was reported that three counties already have canvassed their votes, with Sullivan losing a vote and a half in Massac, Sullivan picking up two and a half votes in Pope and the official total being the same as the unofficial one in Hardin.

Gallatin county started its canvass this morning and it was reported that Hamilton county would start today.

It was stated that the Johnson county canvass would begin today at 2 p. m. and that the Saline county canvass would begin in the morning.

The Williamson county canvass is still to come in.

The status of 32 absentee ballots in Johnson county, home county of McCormick, still was up in the air. These absentee ballots were challenged and not counted in Simpson precinct and McCormick is making an effort to get them in to the totals.

## Health Department Approves Lease For Offices Here

The five-year lease on rooms in the Harrisburg clinic building for use by the Egyptian Health department was ratified last night by the board members of the department, who met at the health offices in Carmi.

All nine members of the board were present.  
The decision to move the offices from Eldorado to Harrisburg was voted by the board three months ago.

Last night's meeting was the regular quarterly meeting of the board.  
Plans are to move into the new quarters here May 1.

The Egyptian Health department serves Saline, Gallatin and White counties. Dr. James H. Wells of Harrisburg is the health officer in charge of the office.

## 'Flower Fund' Discontinued By Carpenter

SPRINGFIELD (AP) — Secretary of State Charles F. Carpenter announced Thursday he had ordered the controversial "flower fund" discontinued.

Carpenter said money remaining in the fund, contributed by his employees, would be used for campaign purposes, but he had asked his employees to stop their regular contributions effective April 1, before the primary.

He said he did not know how much the fund contained.

Carpenter was heavily criticized for the fund by his primary opponent, Nicholas J. Bohling, Chicago alderman. Bohling charged the contributions were not voluntary, that employees were forced to contribute 2 per cent of their salaries on fear of losing their jobs if they did not.

Bohling supporters filed suit demanding an accounting of the fund and a refund of the money paid into it. They charged about \$20,000 monthly was collected for it and that the fund had reached a total of about \$300,000.

Carpenter said Thursday his attorneys would answer the suit at the "proper time and place." He had insisted throughout the campaign the fund was purely voluntary and was used to meet heavy charitable demands made on public officials.

Carpenter told a news conference that direct contributions from his friends and supporters would have to replace the fund, but he would not "request contributions from any employee."

## AF Recruiting Office Placed on Part-Time Basis

The United States Air Force recruiting office, which has been operating in Harrisburg on a full time basis for the past 18 months, will be on a part-time basis starting Monday, April 16.

M. Sgt. Peter Demediuk, who opened the Harrisburg recruiting station on a full time basis in November, 1954, has been transferred to East St. Louis, effective April 15. He and his wife and two children, who have made their home in Eldorado, will leave for his new assignment this week end. They have obtained quarters at Scott Air Base.

During his stay in Harrisburg Sgt. Demediuk has enlisted 175 men for the Air Force.

Today he expressed his appreciation to the people of Harrisburg and community for the cooperation and help he has received.

A recruiter from the Herrin station will work the Harrisburg area and will post his schedule of hours in the near future. At least for the present, the recruiting office will remain in the American Legion building on South Main street.

## Bloodmobile to Visit Carrier Mills April 19; Urge County-wide Donors

THE BLOODMOBILE IS COMING!  
MAKE A DATE TO GIVE

All healthy men and women between 21 and 60 years of age may donate if they weigh at least 110 pounds. Also eligible are young people over 18 who have their parent's written consent.

Carrier Mills, April 19  
Masonic Temple

Open from 11:00 A. M. to 6:00 P. M.

Blood is always needed!

Mrs. Alene Keel has been named Blood Recruitment chairman in Carrier Mills. It was announced today by Guy J. Hunter, Saline County Chairman of the Blood Program.

Mrs. Keel served in this capacity during the last visit of the Bloodmobile. She points out that it is a community program which must have the support of all organizations and individuals in the community. A total of 175 pints of blood is the quota set for Carrier Mills citizens when the Red Cross Bloodmobile visits there April 19.

The Red Cross Bloodmobile will be at the Masonic temple in Carrier Mills from 11 a. m. until 6 p. m. on Thursday, April 19.

"This is the first time the people of Carrier Mills and vicinity have been called on to help supply the county's quota of blood since August 11, 1954. We hope that every former donor will be able to give on this date and bring a new donor," Mrs. Keel said.

Saline county has not been meeting the quota of blood necessary and as a result it is using more blood from the center than the amount given. All residents of the county should aid Carrier Mills in reaching the quota as this is a county program. Appointments may be made by calling the Red Cross chapter at Harrisburg, phone number 703, or call Mrs. Alene Keel, Residential Recruitment chairman, Carrier Mills, phone number 3912.

There will be no house to house recruitment of donors in Harrisburg or Eldorado but every donor who was unable to keep his appointment when the bloodmobile was in the county in December is asked to try to give this visit. Enough donors failed to keep appointments on the last visit to make the quota this month. It is imperative that more residents of Saline county give blood if it is to remain in the program.

## Saline County Soil Conservation Dist. Holds Annual Dinner Meeting

The Saline County Soil Conservation district was host last night at the city hall at the fourth annual meeting of the Soil District leaders and representatives of other farm agencies in the county.

The meeting opened with a popular dinner served by wives of those attending and following the supper period C. R. Gardner, county superintendent of schools, gave an address stressing teamwork and unity are needed to achieve goals and solve mutual problems of the groups present.

A. A. Gholson, chairman of the board of directors of the Saline County Soil Conservation district, was in charge of the meeting and introduced directors of the district. Directors present were Cecil Nelson, Ewell Harris, Carl Vance, Paul Halbersleben, Lowell Wise, and R. L. Morris.

Mr. Gardner pointed to the rise of agriculture as the chief industry of the county and stated it was the basic economic structure of the county.

He stressed the urgency of people to work together for their common goals and stated it took teamwork to achieve those goals, whether it be in solving farm problems or in the teaching profession.

The teamwork needed to further education in the county, he said, is in consolidating school

districts to unite school resources to provide the kind of education needed by the children of the county.

Mr. Gholson thanked the committee of women in charge of preparing the food and serving the dinner. The committee was composed of Mrs. L. B. Kimmel, Mrs. Paul Halbersleben, Mrs. Carl Vance and Mrs. Tom Morgan.

Special guests at the meeting included Cliff Hoeman, field representative of the Division of Soil Conservation Service of the State Department of Agriculture in Springfield.

Cecil Nelson, member of a committee with Lowell Hise, outlined plans for Soil Stewardship Week, May 6-12, which included requesting sermons on soil stewardship by the ministers of the county on Sunday, May 6, and a soil tour for the ministers during the week.

Tom Morgan of the Saline County Soil Conservation district told of the results of the four annual meetings held by the county district and stated the get-acquainted affairs brought about a closer working relationship of all farm agencies in the county.

Special music was furnished by little Gerald DeNeal, son of Mr. and Mrs. Robert DeNeal, who sang three musical numbers and played the banjo and mandolin.

## Change in NATO Command Due Later in Year

White House Says Gruenther Has Asked for Retirement

AUGUSTA, Ga. (AP) — President Eisenhower today chose a 49-year-old four-star air general, Gen. Lauris Norstad, to succeed Gen. Alfred M. Gruenther in command of the North Atlantic defense forces.

The White House announced that Gruenther has applied to the President for retirement and that Mr. Eisenhower has nominated Norstad as his replacement. The change in command will take place late this year.

Norstad, now U. S. deputy commander for air, is a handsome, slender, blue-eyed Minnesota native generally regarded as one of the nation's most brilliant military leaders.

**A Meteoric Career**

His Air Force career has been meteoric. He became a brigadier general at 36—one of the youngest men ever to achieve a star, and a full general at 45.

During World War II he was a key man on the Army Air Forces command, and later directed operation of the Mediterranean Allied air forces. He was chief of staff of the 20th Air Force which flew the B29s against Japan.

Norstad went to Germany five years ago as U. S. air commander. In July, 1953, he was named deputy to Gruenther.

In Washington, Defense Secretary Charles E. Wilson announced that Norstad also will take over Gruenther's post as chief of the U. S. forces in Europe.

White House Press Secretary James C. Hagerty said the NATO council approved the Norstad nomination.

Announcing the change in NATO command, Hagerty issued this statement:

"The White House today announced that the President has with deep regret accepted the request of Gen. Alfred M. Gruenther for retirement from the United Army toward the end of this year.

"General Gruenther is at present serving as supreme Allied commander, Europe, under appointment by the North Atlantic Council. The council has acceded to the President's request that General Gruenther be released from this NATO command upon retirement.

## J. E. Carnett, 76, Retired Farmer, Dies

James E. Carnett, 76, retired Saline county farmer who for several years had operated a general store, died yesterday in the Ferrell hospital in Eldorado.

The body is at the A. K. Moore funeral home in Equality and late this afternoon will be returned to the family residence.

Funeral services will be Saturday at 2 p. m. at the Jones church. Rev. Clayton Humphrey and Rev. Clyde Vinyard will officiate and burial will be in the church cemetery.

He is survived by his wife, Isabelle Woods Carnett, one son, James Jr., and a daughter, Alice Ann, both at home, and another daughter, Mrs. Earl Prather of this area.

## Attends Funeral of Brother-in-Law

Mrs. Julia Healy, 207 Dayton, went to Dexter, Mo., today to attend the funeral of her brother-in-law, John Healy, 77, who died suddenly Wednesday at his home in Dexter. He was a former resident of this area, and a brother of Mrs. Lina Bradshaw of Harrisburg.

Funeral services were held today at 2 p. m. at the First Baptist church in Dexter, and burial was there.

Attending also are Mrs. Hillis Joyner and son, Esco, Harrisburg RFD 3, and Mr. and Mrs. Wendell Clark of Raleigh. Mrs. Joyner and Mrs. Clark are nieces.

#### BIBLE THOUGHT FOR TODAY

Speak unto the children of Israel  
that they go forward.—Ex. 14:15.  
That is a command to attempt  
the seemingly impossible. That is  
the substance of the Bible. Go for-  
ward! We should apply this mat-  
terially and spiritually as well.

#### Win a Convention Seat

Editorial By Kenneth O. Gilmore  
With the Republicans and Demo-  
crats dividing among themselves  
on civil rights, farm legislation and  
foreign aid, it's not easy to make  
distinctions between the two great  
parties.

So it might be helpful to shed  
a little light on this confused sit-  
uation by explaining how the donkey  
and the elephant go about holding  
contests for free trips to their na-  
tional conventions. There's quite a  
difference.

Winning a seat at the Democrat-  
ic convention in Chicago is strictly a  
hustling matter. Trick is to sell  
the most subscriptions to the party's  
official magazine, the Democratic  
Digest. Some 265 persons from  
all the states and territories who  
top the list at the end of July will  
be given reserved seats plus \$100 in expenses. They will  
also receive \$1 for every \$3.50 sub-  
scription they sell. A college com-  
petition will award 25 winners the  
same deal.

As for the GOP contest, it's de-  
signed more for soul searchers  
than salesmen. If you have ever  
written in less than 30 words why  
you like soap or tooth paste, this  
one should be a cinch. It's an es-  
say contest. "Why I Am a Republi-  
can." Entries must be no more  
than 300 words, and anybody be-  
tween the ages of 17 and 25 can try.

Only one prize is offered, and  
that's an expense-paid trip to the  
Republican convention in San Fran-  
cisco. So there's lots of competi-  
tion. We're happy to report, how-  
ever, that no politics are involved.  
The essay will be judged strictly  
on the basis of clarity of thought,  
originality and interest.

#### Nehru's Visit to U. S.

Relations between the U. S. and  
India have reached such a low ebb  
that the upcoming visit here by  
Jawaharlal Nehru can at worst do  
no harm. And unless the unpre-  
dictable Indian prime minister un-  
leashes some noticeable anti-Ameri-  
can barage, it is safe to say his  
brief stay in Washington next July  
will do some good.

Nothing replaces personal con-  
tact. The sincerity and persua-  
siveness of President Eisenhower  
should help to warm, if not defrost,  
some of Nehru's chilly attitudes  
toward the U. S.

Now an experienced negotiator,  
Mr. Eisenhower should be able to  
field any gripes the prime minister  
throws his way. For one impor-  
tant purpose of the broad discus-  
sions will be to explain U. S. poli-  
cies to Nehru and convince him of  
our peaceful aims.

We hope, however, that the  
prime minister will be called upon  
to explain his sharp and often un-  
justified criticism of the U. S. This  
will be as good an occasion as any  
to find out where we stand with  
Nehru, who has often exhibited  
favoritism toward Red China and  
the Soviet Union.

#### Alibi for Lost Autoist

Next time you get lost on a va-  
cation trip and someone starts  
grumbling, there's but one thing to  
do.

Stop the car and calmly explain  
that according to the U. S. Geo-  
graphical Survey only about 37 per  
cent of the United States is ade-  
quately mapped. So there.

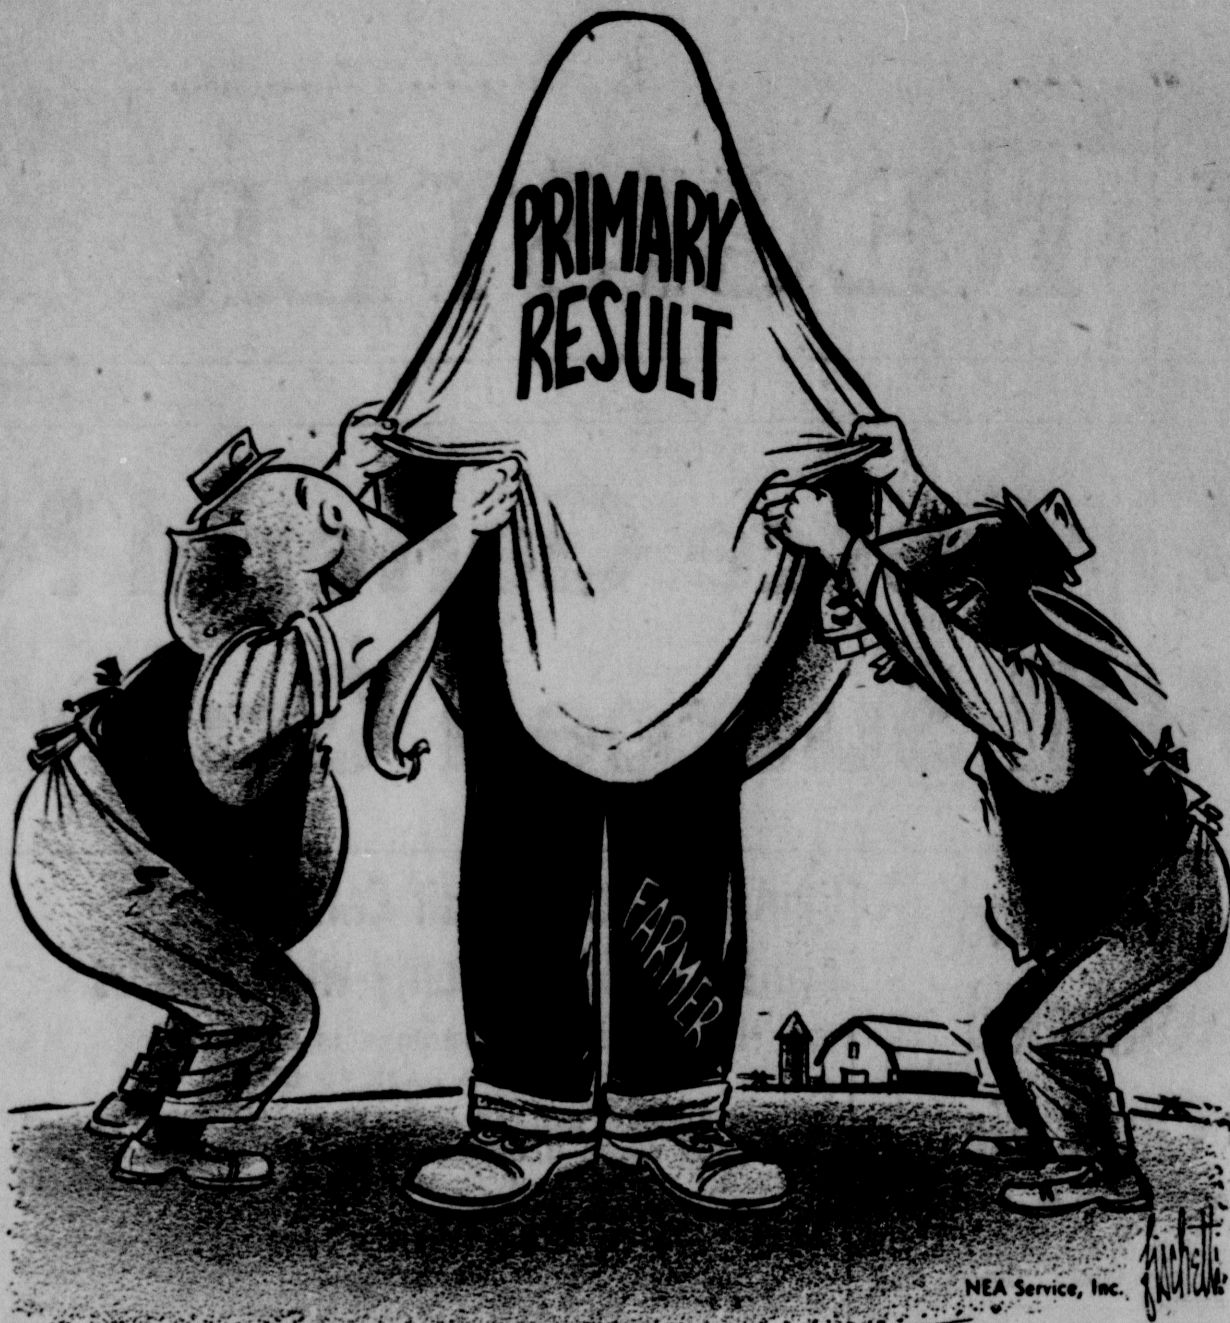

Such undisputed authority should  
quell the most persistent back-  
seat driver or in-law.  
This may be your gain, but Ger-  
ald Fitzgerald, chief topographical  
engineer of the survey, wishes it  
wasn't so.

Postwar government water, min-  
eral and highway programs "have  
caught us with our maps down,"  
he confessed to the American Con-  
gress on Surveying and Mapping  
meeting in Washington recently.

Worse yet, the country won't be  
adequately mapped for another 17  
years, he predicts. Seems that the  
current rate of mapping is about  
4 per cent a year.

So don't feel too badly when you  
lose your way, for Uncle Sam will  
be groping around himself for a  
long time to come.

First  
New Hampshire was the first of  
the original 13 states to declare its  
independence from Great Britain  
and adopt a constitution. The date  
was Jan. 8, 1776, six months before  
the Declaration of Independence.

## The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says: It  
Will Be A Do-Little Congress  
This Year; Democrats Stymied  
By Race Problems; Lyndon  
and Rayburn Don't Want  
Much Action.

WASHINGTON. — Harry Tru-  
man, asked by newsmen in New  
York whether the 84th Congress  
would be a do-nothing Congress,  
said: "You can't tell until the  
Congress is over."

Congressman Ken Keating (R.,  
N. Y.) doesn't agree. He claims  
the 84th Congress is getting no-  
where fast.

Sen. Lyndon Johnson the Demo-  
cratic leader, disputes this. He  
pridefully points to the fact that  
Congress has already passed 412  
bills, including such earth-shak-  
ing legislation as the loan of two  
submarines to Brazil, granting  
federal compensation benefits to  
Civil Air Patrol members, and  
penalties for violation of the Fed-  
eral Seed Act.

Johnson also sloughs over the  
fact that out of the 412 bills passed  
by Congress, 220 are private bills  
which help congressmen get re-  
elected but which do not help the  
general public.

As Congress returned from the  
Easter recess — a relatively new  
vacation idea, incidentally — it ap-  
pears to outsiders that Congress-  
man Keating and the Republicans  
are right. This Congress is on the  
way to doing not much of any-  
thing.

There are several reasons, as  
follows:

1. Lyndon Johnson, who did a  
great job last year, is now handi-  
capped by a heart condition which  
requires him to go back to Texas  
to rest every two or three weeks.  
He has taken four vacations since  
Jan. 1. Eisenhower has taken  
three. You can't lead the Senate  
— or the country — with a part-time  
leader.

2. When Johnson works for the  
nation as a whole he is superb.  
But when he works for the Texas  
tycoons and his own campaign  
contributors he is a tragic failure.  
This year he has put the latter  
ahead of the nation.

3. Speaker Sam Rayburn, one  
of the truly great legislators of our  
time, is getting old, has been wor-  
ried about the long illness of his  
beloved sister, and has been ab-  
sent from Washington. Sam has  
also been trying to keep peace in  
a Democratic family which has  
Adam Clayton Powell, the Negro  
congressman from Harlem on one  
side, and race-conscious Georgians  
and Mississippians on the other  
side.

So when it comes to passing im-  
portant legislation, here is the re-  
sult:

School Construction — Stymied  
in the Rules committee, thanks to  
Congressman Howard Smith of  
Virginia. Rayburn, however, can  
round up enough votes to get it  
out of committee and to a vote in  
the House. So far Sam has stall-  
ed, not wanting to inflame tempers  
and tear the Democratic party  
apart with a debate over segrega-  
tion. Now, however, such friends  
of the Negro as Jimmy Roosevelt  
of California and Dick Bolling of  
Missouri have persuaded many  
congressmen that segregation  
should not be mixed up with  
school construction and that the  
Powell amendment refusing fed-  
eral funds to any schools which ig-  
nored the Supreme Court, should  
be defeated. Under these condi-  
tions, the bill will probably pass.

Civil Rights — A bill to protect  
the voting rights of Negroes has  
made some progress in the House  
Judiciary committee and will  
probably reach the House floor for  
a vote. A similar but broader bill  
is being pushed by Hennings of  
Missouri in the Senate. However,  
there is little chance that either  
bill will be passed. A Senate fil-  
luster could easily block any civil  
rights legislation.

Social Security — Senator Byrd  
of Virginia and the Eisenhower ad-  
ministration are allied in trying  
to block reforms to give pensions  
to disabled voters of fifty years,  
reduce the pension age for women  
from 65 to 62, and extend pension

benefits to more white collar and  
professional workers. Despite  
Byrd opposition, however, this bill  
will pass. It has already passed  
the House.

Highway Construction — The  
Democrats fell for the blarney of  
the big trucking lobby at first and  
put the cost of highway building  
as much or proportionately on the  
small motorist as on the big truck-  
er. Republicans took advantage  
of Democratic stupidity—or obeis-  
ance to the lobby—and changed  
this. Legislators are now wrang-  
ling over another lobby-sponsored  
provision—to reimburse telephone  
companies and the utilities for  
moving their poles when highways  
are broadened.

Minimum Wage Revision — The  
new \$1 minimum wage went into  
effect March 1. An attempt to  
raise this to \$1.25 so soon won't  
get to first base this session. The  
roadblock in the House is Labor  
Chairman Graham Barden, who  
can't be lused. Senate Labor  
Chairman Lister Hill of Alabama,  
always nervous in an election  
year, will permit minimum wage  
hearings, but won't let the bill get  
beyond the talking stage.

Public Housing — Senator Leh-  
man (D., N. Y.) is pushing a bill  
to provide 600,000 low-rent, public  
housing units in three years, plus  
an ambitious program of low-cost  
loans for the middle-income  
brackets. Senator Capehart of In-  
diana has introduced the adminis-

tration's housing bill, which pro-  
vides only 35,000 public housing  
units next year. A compromise  
(closer to Capehart's than Leh-  
man's version) probably will be  
reported to the Senate. It stands  
a good chance of passing if it  
doesn't get tangled in the segrega-  
tion issue.

Income Tax Cuts — No hear-  
ings have been held, except on  
measures to extend corporation  
and excise taxes would drop auto-  
matically. There has been a lot  
of talk in Democratic policy hud-  
dles about a drive for tax cuts for  
the low-income brackets. This talk  
hasn't yet been translated into ac-  
tion. Chief difficulty: Tax meas-  
ures must pass through the con-  
servative House Ways and Means  
and Senate Finance committees.

Other Measures: Postmaster  
General Summerfield's campaign  
to increase the price of postage  
stamps will get nowhere. Flood  
disaster insurance, while it hasn't  
yet been voted out of committee,  
should pass Congress in some  
form. President Eisenhower won't  
get the foreign aid he is asking.

Senator Douglas (D., Ill.) wants  
to establish a federal agency to  
administer aid to depressed  
areas; this might get through  
Congress in some form if the econ-  
omy takes a dip. Alaskan and  
Hawaiian statehood rejected last  
year by the House, seems to be  
stymied this year.

## Thinking It Over

By Robert Dieffenbacher, D. D.  
Written for NEA Service

The blasts and the shouts of  
auto horns are being silenced in  
New York City. The hot and both-  
ered motorist who insists on add-  
ing to the confusion of city traffic  
can now cool off under legal pres-  
sure and at a cost he may not  
want to pay.

New York City officials have  
come to the conclusion that the  
impatient honks and toots of  
automobile drivers do more  
harm to the nervous systems of  
the population than they do good.

The automobile horn is sup-  
posed to be a safety device for  
the purpose of warning other  
people to be alert to impending  
danger. But this noise-making  
device has come to be a dis-  
turber of the peace and a jangler  
of nerves with little impact on  
the well-being of people.

The misuse of this instrument  
is symbolic of the impatience of  
folks. It is indicative of a ten-  
dency to speak first and think  
afterwards. Many people consider  
themselves before they give con-  
sideration to others.

Since we live with so many peo-  
ple and since we enjoy their work  
and friendship, we must think of  
their viewpoints, their interests  
and their well-being.

There is a basic tenet in prac-  
tically all the religions of the  
world which requires unselfish  
thinking and acting. We must  
not forget that great rule of life  
which says, "Do unto others as  
you would like to have them do  
unto you."

## Clabaugh Says Schools Must Pay Higher Salaries

BLOOMINGTON, Ill. — State  
Rep. Charles W. Clabaugh (R-  
Champaign) said this week schools  
are going to have to pay higher  
salaries to science and mathemat-  
ics teachers; to attract qualified  
persons from business and indus-  
try.

Clabaugh included the "single  
salary scale" and small classes  
among the "sacred cows" of pub-  
lic educators which will have to  
be rejected.

The chairman of the state  
School Problems Commission  
spoke at a dinner meeting of the  
McLean County Schoolmasters  
Club, a school administrators or-  
ganization.

He said schools ultimately would  
have to pay more for science and  
mathematics teachers than for so-  
cial science teachers who are "fall-  
ing all over themselves."

He said "a heck of a lot more  
children are going to have to be  
taught by one teacher," and pres-  
ent classes of 30 and 35 children  
will have to be eliminated.

School problems will be solved,  
Clabaugh said, not by educators,  
but by men and women who put  
the children first and are willing to  
throw out "sacred" and "untouch-  
able" educational practices.

The name Michigan is believed  
to have come from the Chippewa  
word, majigan, which means  
clearing.

## Peggy Vallett to Present Program at Dorrisville Baptist Church

Miss Peggy Vallett will present  
an all-religious vocal and instru-  
mental program at Dorrisville  
Baptist church on Sunday at 7:30  
p. m. This program is one of a  
series of a nationwide tour which  
Miss Vallett started in May of  
1955 and which she has personally  
originated and produced.

Miss Vallett uses twelve life-  
size characters known as her  
"Pegetts" to adapt the first 15  
minutes of the program to the  
children. The entire program con-  
sists of scriptures, favorite hymns,  
poetry written by Miss Vallett, and  
instrumental music.

On the nationwide tour, Miss  
Vallett has appeared with Dale  
Evans, Roy Rogers, Tim and  
Velma Spencer, Phil Kerr and  
others. The appearances of Miss  
Vallett are always for religious  
purposes. She is a member of the  
First Baptist church of Herrin,  
and conducts a regular Saturday  
morning radio broadcast over  
WJPF of that city at 11 o'clock.

The Dorrisville Baptist church  
extends a welcome to all who wish  
to attend.

## Stankunas-Jones Marriage Performed April 6; Couple to Live in S. America

(Ronnie's Studio Photo)  
Mr. and Mrs. Don Edward Jones

A lovely bride of the Easter season was Miss Hilda Stankunas, daughter of the late Mr. and Mrs. Joseph Stankunas, whose marriage to Don Edward Jones, son of Mrs. Helen Lorene Jones and the late Leslie Jones, Ridgway, took place Friday evening, April 6, in the rectory of St. Mary's Catholic church.

The impressive double ring ceremony, attended by a group of relatives and friends, was performed by Rev. Thos. G. Bruns, before a beautiful spring setting of huckleberry and white gladioli.

Given in marriage by her brother, Pete Stankunas, the bride wore a white eyelet embroidered street-length dress with a full gathered skirt, the collar and cuffs of which were lined with yellow satin ribbon. Her shoulder-veil was secured to a crown of stephanotis. She carried a colonial bouquet which was centered with yellow rose buds and encircled with stephanotis.

Her only jewelry were pearl earrings, gift of the bridegroom.

Attending the bride as maid-of-honor was her sister, Helen Stankunas, wearing yellow polished cotton with fitted torso, waistline, scarf neckline and full pleated skirt. She wore a single yellow rose on a small ribboned head-

piece and carried yellow roses mixed with white pompons.

Lee Fillingsim, close friend of the bridegroom, served as best man.

Mrs. Jones, mother of the bridegroom, was attired in a pale rose tuxedo suit with white accessories and her corsage was of white carnations.

Mrs. Joe McConnell, Ridgway, paternal grandmother of Mrs. Jones, also was present.

The bride was graduated from the Harrisburg Township high school and is presently employed with the Soil Conservation Service, Mt. Vernon, Ill.

After a wedding trip through Kentucky, Mr. Jones departed by plane from New York City, to Lima, Peru, where his bride will join him in the near future.

In honor of the couple a buffet dinner was given by his sister, Mrs. Bill Fibell, Ridgway, on March 30, attended by friends of the couple and on Saturday of this week a reception in honor of the bride will be held at the home of Mrs. Leslie Jones.

## Sloan Street Baptist Missionary Society Installs New Officers

The Amanda Reynolds Missionary society met Wednesday at 7:30 p. m. at the church for an installation service and regular business meeting.

The meeting opened with the group singing "The Old Rugged Cross" and prayer by Mrs. Donald Cooper. The minutes of the previous meeting and the treasurer's report were read by Mrs. Geraldine Ewell.

The installation service followed presided over by the pastor, Rev. John Yuhas. Officers installed were as follows: President, Cora Church; vice president, Ruby Wallace; secretary-treasurer, Lillie Allen; assistant secretary-treasurer, Rosie May Wright; librarian, Blanche Yuhas; teacher, Sylvia Fowler; assistant teacher, Ollie Ferrell.

The mite boxes were presented by each member present. Blanche Yuhas sang "Is Your All On the Altar of Sacrifice?" after which dismissal prayer was given as a chain of prayers.

The group sang "Blest Be the Tie That Binds." There were 16 members present and three visitors.

## Evergreen Garden Club Meets With Mrs. L. B. Kimmel

The April meeting of the Evergreen Garden club was held at the home of Mrs. L. B. Kimmel with Mrs. Louie Gaskins as assistant hostess.

Roll call was answered by naming a favorite flowering tree in keeping with the topic for the day, "Blossom out with flowering trees," given by Mrs. Morris Skaggs. She told how to plan in planting flowering trees to have blossoms from March to September. Mrs. Louie Conover gave some helpful hints in care of trees showing blossoms from each. The program closed with Mrs. Robert Capel reading the legend of the dogwood.

In the business meeting it was voted to donate \$10 to the cancer drive.

Plans were made for the annual tour to be held in place of the next regular meeting.

A basket of growing pansies was won by Mrs. Chas. E. Taylor as a door prize.

Mr. and Mrs. Jess Yates and daughter, Mrs. Ray Cassmer and children, Doreen and Randy of Detroit, Mich., spent the week end with Mr. and Mrs. Darrell Yates and family of Eldorado.

## Presbyterian Lenore And Alpha Circles Hold Joint Meeting at the Church

Members of the Lenore and Alpha circles of the Presbyterian church met Monday evening at the church with the Lenore circle hostess.

The tables were attractively decorated with spring flowers.

Following the dinner the circles held a joint meeting. Miss Brockett of Alpha chapter gave the devotion using the theme "Come and Dine." Mrs. Clyde Pittman of the Lenore circle gave the lesson, the subject being "A Big World Full of Little Churches."

She was assisted by Misses Edith Morrison, Ethel Ewing, Mary Morrison, Juanita Joyner, Mrs. Nolle Meyers and Mrs. Herman Seifried.

The Year Book of Prayer was given by Mrs. Steve Farrar who closed the meeting with prayer.

During the business meeting which followed the minutes of the Lenore circle were read and approved. Miss Mary Morrison gave the treasurer's report. Mrs. Herman Seifried, chairman of the circle, had charge of the business meeting.

## Hazel Frances Moon Circle Holds Meeting

The Hazel Frances Moon circle of the First Baptist church met Wednesday, April 11, with Mrs. David Cox, 330 McElrath.

During the business meeting it was voted to give three dollars to the Friendship Hour at the Baptist mission and one dollar to the G. A. Auxiliary.

A new member, Mrs. T. O. Endicott, was added to the circle roll.

The devotion "For Such a Time" from Esther 4:13-16, was given by Mrs. Charles A. Mitchell.

The topic, "North American Women's Union Organized," was given by Mrs. Marion Lane. To climax the program Mrs. Paul Hays, newly elected state president of the W.M.U., gave the highlights of the convention held last week in East St. Louis.

Refreshments were served to nine members.

## New Skirmish Keeps Tension High in Mid-East

JERUSALEM (U.P.)—An Israel patrol skirmished today with troops of Jordan's Arab Legion in a border gunfight that emphasized once again the Middle East's nearness to war.

There had been hope that world pressure had eased the threat of open hostilities between Israel and Egypt. No outbreaks had been reported between those nations for hours, though tension was high.

Col. Nehemia, Brosh, senior Israeli military spokesman, said the Israeli troops fired against an infiltrator on the Israeli side of the border and that Arab Legionnaires opened up on the Israelis.

Brosh said there were no Israeli casualties.

The new incident occurred at Nir Eliyahu, near Kalkilia, on the opposite end of Israel from two air incidents which took place Thursday.

In the air battles, each side lost a plane. During the night there was renewed shelling in the Gaza Strip, but the situation appeared easier today.

United Nations Secretary General Dag Hammarskjold, meanwhile, held an emergency meeting with Egyptian Foreign Minister Mahmoud Fawzi on the aerial battle.

Informed sources said Hammarskjold requested the meeting. Authoritative sources in Cairo said Hammarskjold had reached an agreement with Premier Gamal Abdel Nasser on the basic principles of easing border tension.

UNITED NATIONS, N. Y. (U.P.)—Secretary General Dag Hammarskjold told Israel today he did not consider Egypt's latest Palestine raid cast doubt on the Egyptian pledge to refrain from warlike acts.

In a message to Israeli Prime Minister David Ben Gurion, written today from Cairo, Hammarskjold asked Israel for assurances that orders would be issued to its troops to maintain the peace. Ben Gurion Thursday had demanded proof that Cairo had issued such orders to Egyptian forces.

## Inquest Tonight In Death Pulaski Tavern Keeper

MOUND CITY, Ill. (U.P.)—An inquest will be held tonight into the death of Lester Winchester, 59, a Pulaski county tavern keeper who was found fatally wounded April 7.

Winchester had been indicted for murder in the shooting of Clate Adams, 27, an Olmsted tavern keeper. Authorities seeking to serve a warrant on Winchester found him fatally wounded in his car a short distance from his tavern.

Pulaski County Sheriff Robert Aldrich said a state crime laboratory report probably will be presented to the coroner's jury tonight. The crime laboratory checked the bullet which killed Winchester and a .38 caliber revolver found in his car.

Michigan was made a territory of the U. S. in 1805 and became a state in 1837.

## U. S. is Cool to Efforts for Big Three Meeting

WASHINGTON (U.P.)—The United States is cool to renewed French efforts to get a formal Big Three foreign ministers meeting on the Middle East soon, informed sources said today.

They explained that the United States does not want the three powers to appear to be preparing to act outside the United Nations. Such a move could seriously jeopardize the current Palestine peace mission of U. N. Secretary General Dag Hammarskjold.

It was revealed Thursday in Augusta, Ga., where President Eisenhower is vacationing, that the President only last Monday sent messages to leaders of Egypt and Israel "appealing" for their cooperation with Hammarskjold.

France started pressing for the three-nation meeting during last month's Southeast Asia Treaty conference in Pakistan. Ambassador Maurice Couve de Murville applied new pressure Wednesday in a hush-hush huddle with Secretary of State John Foster Dulles.

State Department officials said the "matter is under consideration but there is nothing firm."

## Southern Illinois Dental Society Elects Officers At Carbondale Meeting

The 51st annual meeting of the Southern Illinois Dental society met yesterday at the Southern Illinois university in Carbondale.

There were 85 dentists attending, among them Dr. L. I. Webb of Harrisburg. A Women's Auxiliary was organized and approximately 50 women were present.

Guy W. Lambert of West Frankfort is president.

New officers were elected and are as follows: President, Michael Zibby, Centralia; vice president, James A. Barker of Eldorado; and secretary-treasurer, William E. Leach, Du Quoin.

The summer picnic has been planned for June and will be held in West Frankfort. The next annual meeting will be held in Cairo in April of 1957.

## Senate Approves Supplemental Appropriation Bill

WASHINGTON (U.P.)—The Senate Thursday approved a \$338,864,176 supplemental appropriation bill providing funds for various government agencies for the remainder of the current fiscal year.

The bill, which now goes to a Senate-House conference, provides 3 1/2 million dollars to start construction of a new steam plant for the Tennessee Valley Authority.

The House had eliminated funds for the steam plant and suggested in its Appropriation committee report that TVA use its own revenues for the project. The Senate Appropriations committee in its report said that no TVA power revenues shall be used for constructing new power plants unless approved by Congress.

The supplemental appropriation bill, the second approved by the Senate in the current fiscal year, brings to 2 1/2 billion dollars the funds requested by the administration over its original budget.

At the suggestion of Sen. Paul H. Douglas (D-Ill) the Senate adopted an amendment providing an additional 10 million dollars to keep the school lunch program going the remainder of this school year.

American Plan

Round and Round

## The Angry Hills

By Leon M. Uris

© 1955 by Leon M. Uris. Used by arrangement with Random House, Inc. Distributed by NEA.

THE STORY: Mike Morrison, an American caught by the German invasion of Greece in 1941, has been asked to deliver an "innocent document" to London. But the Germans cut off his escape and he is not until too late does he realize that this paper is information for British Intelligence. Two men seek him, one with horn-rimmed glasses, the other a New Zealander named Mosley. Mike thinks both are German agents. He opens the envelope which he finds contains a list of names. He memorizes this and tears up the paper.

IX

Mike Morrison ran down the hillside, desperately determined to get aboard a ship and get out of Greece. When he reached the beach all semblance of discipline had broken. The unarmed men were in a frenzy to escape. Mike stood on the fringe of a howling mob 200 yards deep and every man had but one thought. Mike had to reach the water. He had to be there when the boats came. Behind him he could hear the sounds of battle coming closer and closer.

Suddenly it became still. A British colonel stepped out into the water in front of the men. His bearing was regal, but he could not hold back the tremor in his voice. "We are prisoners of war," he said softly.

The thread of hope had snapped! The glow of campfires studded the beach. Michael Morrison trembled as he sat by a campfire. He was frightened beyond any fear he had ever known. He visualized a black club smashing down on his head and men kicking at his ribs and throwing water on his unconscious body to revive him for further torture. He wanted to believe he had courage—but he was afraid.

He toyed with the idea of trying to bargain for his life in exchange for the names of the mysterious list. He tried to justify it in his mind, but he couldn't. He knew he would never know a minute's peace of mind for the rest of his life if he broke in cowardice before them.

From the edge of the woods a tall blond man wearing a New Zealand uniform looked at Mike quietly.

The sun began to rise on the Gulf of Messina. The tall blond man stepped from behind a clump of trees and walked up behind Mike's seated figure. Mike sensed his presence and turned to look up into the cold blue eyes of Jack Mosley. He was not startled—nor was he frightened. It was a calm acceptance.

"All right, Morrison, stand up—no outcry—move into the woods," Mike arose and preceded Mosley into the woods until they were isolated from the beach. Mosley produced a pistol and leveled it on Mike as he leaned against a tree. His haggard face cracked into a smile.

"Touche," Mosley said with a mock salute of his pistol. "Your little drunk act was quite convincing. I must say. Threw us all off for a while."

Mike was silent. His eyes narrowed in hatred. He waited for

Mosley to relax for only a second. "You'll be interested to know that I got through the lines last night after the surrender. I had a phone chat with our mutual friend, Konrad Heilser, in Athens. He was quite overwhelmed with joy that you hadn't departed from this pleasant little country."

"If you're going to kill me, get it over with," Mike said quietly. "Kill you? Oh, dear, no. Herr Heilser has such a lovely reception planned for you in Athens. I believe you have a bit of information he'd like. I do hope our car for Athens won't be late."

Mosley sighed. "Soon as the business of hauling your friends off to a prison camp is cleared we'll be underway."

"What are they going to do with me?"

"Do? Depends on you, old boy. You know, I have disagreed with Konrad about his messy methods of extracting information, but I will say this for him—he does get excellent results. By the bye, Morrison, would you give me the name of that splendid tobacco I smoked with you? I must send to America for some."

A sharp crack of a pistol report sounded. An odd expression came over Mosley's face. His pistol spun around on his finger. His hand opened and the pistol dropped to the ground. Mosley wavered. He took a step toward Mike—another. His knees buckled and he fell to the ground and rolled over at Mike's feet. Mosley kicked and twitched. Then he lay still. His mouth fell open, the expression of amazement still in his dead eyes.

A man stepped from behind a tree a few feet away. He was a little man, only five feet tall and he wore horn-rimmed glasses and there was a smoking pistol in his hand.

He picked up Mosley's pistol and shoved it into Mike's hand.

"Hide this under your belt," he said. The little man shook Mike, then took him by the arm. "Come on, mon," he said, "we've got to get out of here." They circled about and approached the troops on the beach. The men were stacking their rifles for confiscation.

Mike slumped down on the sand and shook his head.

"We are in luck," the little man said. "No one heard the shot."

The little man slipped down beside him and talked in half-whispers. Mike clamped his mouth shut.

"My name is Soutar. Major Howe-Wilken, may his soul rest in peace, was my partner."

**you save 2/3...**

...yes, you can put as much as two-thirds of your present tractor fuel bills back in your pocket if you switch to an Oliver Diesel Tractor. Oliver Diesels use lower-cost diesel fuel and give you more horsepower-hours per gallon. It averages out at about a two-thirds saving, depending on local fuel prices.

Only Oliver can supply you with diesel power in six farm tractor sizes. Oliver Diesel Tractors use no special starting fuels, no extra starting equipment. Touch the starter button and you are ready to work.

The over-all design of Oliver Diesels will please you. Some tractors have some Oliver features—no other tractor has all of them. See us for full details.

## Carrier Mills Lions To Pick Up Items Donated for Auction

Items to be donated for the auction to be held by the Carrier Mills Lions club will be picked up Monday evening if it has been announced by Morse Hill, president of the club.

The exact date of the auction hasn't been set, but club members will conduct the pickup Monday, starting at 5:30 p. m. This will replace the regular meeting.

Mr. Hill stated that members of the Boy Scouts were assisting in the pickup program and would attempt to contact every residence to determine where the pickup truck should stop.

Any worthwhile article—furniture, clothing, toys, appliances, etc., will be accepted for the auction. All proceeds will go to the Lions club park fund.

Members of the Lions club are reminded to meet at the Fife Insurance office at 5:30 p. m. Monday to help with the pickup.

## House Approves \$2 Billion Military Construction Bill

WASHINGTON (AP)—The House Thursday passed and sent to the Senate a two-billion-dollar military construction bill.

The bill includes \$11,600,000 for construction of a giant runway and other facilities at Idaho Falls, Idaho, for testing an atomic-powered plane.

It also includes \$36,900,000 for Army facilities for development of guided and ballistic missiles.

It authorizes work on a total of nearly 300 projects in continental United States, more than 400 million dollars for overseas projects and 393 million dollars for secret projects.

The House approved the bill 377-3. Reps. H. R. Gross (R-Iowa), Fred Marshall (D-Minn.) and H. Carl Anderson (R-Minn.) voted against it.

The bill authorizes 304 million dollars for the Army, 401 million dollars for the Navy and \$1,100,000,000 for the Air Force.

The Eldorado high school student council will sponsor an assembly program Tuesday afternoon featuring Larry Tobler, banjoist. The public is invited.

The Board of Education has approved the final plans for the building program at Eldorado high school, which includes a new gymnasium and physical education building and enlarging the class rooms for industrial arts, music and agriculture.

Bids for construction will be opened at a public meeting in the school library May 8.

All members of the ETHS faculty have been offered contracts for the coming school year and the contract for W. A. Knoop, principal, has been extended for two years, for the period from July 1, 1956 to June 30, 1958, it has been announced.

One member of the faculty, Milton Cox, has announced his resignation. Mr. Cox, instructor in the commercial department for the past six years, has accepted a position on the faculty of the Granite City high school, which carries a big increase in salary.

Students of American history at Eldorado high school spent Thursday on an all-day tour to Nashville, Tenn. The students and two faculty members, J. Ward Barnes and Alfred Adams, made the trip in two chartered buses.

Among the places of interest visited included the Hermitage, Fort Negley, Fort Nashville and Vanderbilt university.

## U. S. Population Set At 167,181,000

WASHINGTON (AP)—The Census Bureau estimated today that the total U. S. population, including armed forces overseas, was about 167,181,000 on March 1.

This represents an increase of 16,049,000 or 10.6 per cent, since the last census April 1, 1950. It is a rise of 2,814,000, or 1.7 per cent, from March 1, 1955.

## Sauer Makes Lane Look Good as Cardinals Win, 5-2

By United Press  
Mark down Hank Sauer today as proof that Frank Lane still retains his "golden touch" as a trader.

In fact, it may not be long before the experts are debating whether the March 30th deal that brought Sauer from the Chicago Cubs to the St. Louis Cardinals is the best "steal" Lane ever made. Frantic Frankie said Sauer "would help us against left-handed pitching" — and, right now, that qualifies as the understatement of the spring.

The 37-year old Sauer made Lane look good again Thursday when he and Stan Musial hit "back-to-back" homers for the second straight game in helping the Cardinals down the Chicago White Sox, 5-2, in 10 innings. The victory was the amazing Cardinals' sixth in seven meetings with the White Sox, their 15th win in their last 18 games and their 20th in 29 Grapefruit league contests.

### Freeze Homers Twice

The Pittsburgh Pirates, another spring surprise, wound up their barnstorming with a 19-13 citrus circuit record when Gene Freese, two homers gave them a 2-1 nod over the Kansas City Athletics. The Pirates, who were victimized by a triple play in the ninth inning, had a 10-5 advantage over the Athletics in their spring series.

Rocky Colavito collected four hits, including two homers, to lead the Cleveland Indians to an 11-inning, 8-7 verdict over the New York Giants that gave the American leaguers, an 11-3 edge in the spring series. Colavito doubled in the 11th and scored the winning run when rookie Jim Constable walked the next three Indians.

The New York Yankees won their series with the Cincinnati Redlegs, 2-1, when homers by Mickey Mantle, Elston Howard, Bill Skowron and Hank Bauer paced them to an 8-7 triumph. Wally Post had a homer and a single to pace the Redlegs' attack.

### Dodgers Bump Orioles

A crowd of 22,540 turned out in Baltimore to see the world champion Brooklyn Dodgers defeat the Orioles, 7-2, behind the four-hit pitching of rookies Charley Templeton and Ken Lehman. Lehman, a candidate to replace World Series hero Johnny Podres, shut out the Orioles in the last four innings.

## 11 Reserve Banks Hike Interest Rates

WASHINGTON (AP) — Eleven federal reserve banks raised their interest rates today in an effort to hold down heavy business borrowing and record consumer buying on the cuff.

Nine of the 12 federal reserve banks boosted their rates from 2 1/2 to 3 1/2 per cent. Federal reserve banks in Minneapolis and San Francisco boosted their rates from 2 1/2 to 3 per cent — the highest level since 1934.

The Chicago Federal Reserve Bank did not announce an increase but was expected to follow the other banks' move shortly.

## Chamness to Enter 14 Bull Dogs in Mineral Area Meet

Coach Ben Chamness will enter about 14 members of the Harrisburg Bull Dog track and field team in the annual Mineral Area meet tomorrow at Hurst-Bush.

A full team will be entered by the Eldorado Eagles.

Preliminary events will start at 9:30 a. m.

## House Authorizes Study of Research For Coal Industry

WASHINGTON (AP) — The House Thursday authorized an investigation of the possibilities of a research and development program for the coal industry.

The investigation would be conducted by the House Interior Committee.

**BAKING**—Dark glasses and sunburn cream on nose and ears put Stan Lopata in a class with Florida tourists. But Lopata is at the Phillips' Clearwater training camp, working hard to make the transition from catcher to first baseman.

Gino Cimoli, filling in for center-fielder Duke Snider, drove in five runs with a triple, double and single.

The Boston Red Sox scored four runs in the first five innings off Curt Simmons and beat the Philadelphia Phillies, 6-4, despite homers by Bob Bowman and Roy Smalley. Frank Sullivan, tuning up for opening day, hurled the first six innings for the Red Sox.

Bob Thomson singled home two runs in the seventh inning to give the Milwaukee Braves a 7-5 victory over the Detroit Tigers. Eddie Mathews hit a three-run homer for the Braves and Al Kaline, 1955 American League batting champion, hit one for the Tigers.

## Looking at Sports

BY BILL MELTON

Four members of the Shawnee town basketball team and their coach, Darwin Valters, visited the Tulane university campus recently.

Valters, a graduate of Tulane, took Al Gunzel, Jack Nolen, Jack Drone and Ted Coleman, to the university last weekend and they returned to Shawneetown Tuesday evening.

The boys were greatly impressed with the university and two—Gunzel and Nolen—may continue their education and cage careers there.

In addition to giving Tulane the once over the Shawneetown group toured New Orleans, went swimming in the Gulf of Mexico and saw the New York Yankees and Philadelphia Phillies play an exhibition game. "I knew my way around pretty well, having gone to school at Tulane, and we saw many interesting sights in the short time we were there," Valters stated, in discussing the trip.

Two Eldorado high school football players have decided to continue their schooling and athletic careers at SIU, according to a recent announcement.

Ron Clark, varsity quarterback the past two seasons, and Bob Laffoon, three year letter winner as lineman and co-captain of the 1955 grid squad, have indicated they will enroll at SIU.

Another ETHS griddier, all-stater Lindell Lovellette, is headed for the University of Illinois, according to rumors.

Lovellette has a brother in the agriculture college and planned to follow him and it is said that U. of I. football coaches will "welcome" him. That should make everyone happy.

Willie Mays has been up to his old tricks this spring. In an exhibition game between the Giants and the Indians at Tucson, Ariz., Vic Wertz, who was robbed of an extra-base hit in the 1954 World Series when Mays made a circus catch, belted the ball deep to the outfield. But, said The Sporting News, Willie raced far out to the fence and gathered it in. "That guy and I," said Wertz, "should go into vaudeville or on television with that act."

The Southern Illini conference is the name of the newly-formed four-school athletic conference of Eldorado, Johnston City, Metropolis and Macleanboro.

After the conference was organized the students of the four schools were invited to submit names for the loop.

A committee announced this week that the name Southern Illini had been selected.

At St. Petersburg, Fla., recently, says The Sporting News, men on the Yankee bench were talking about the variety of pitches developed over the years. They mentioned the fast ball, curve, lefthand, screwball, slider, fork ball and palm ball. Someone wondered if a new pitch might be invented, and what it would be. Casey Stengel spoke up. "I wish," he said, "somebody would invent the control ball, with which it would be impossible to give a base on balls."

The Eldorado high school track team, winner of two dual meets in as many starts this spring, has received additional strength with the return of Frank Willis, ace distance runner.

Willis, winner of the mile run in practically every meet last spring and loser of the district title by only a step, didn't report for track when practice started a few weeks back. However, he has told the coaches he plans to start.

## AWOL Airman Killed In Speeding Auto While Trying to Evade Police

PLYMOUTH, Ind. (AP) — A 17-year-old AWOL airman was killed Thursday night when he lost control of a speeding car while trying to elude state police.

Airman 3. C. Francis R. Burke Jr. died in Parkview Memorial Hospital a few minutes after the 1956 Cadillac, reported stolen, crashed at high speed on a curve on U. S. 31 south of Argos.

State police were told Burke had been AWOL from Chanute Field, Ill., since Wednesday.

The world's third largest telescope belongs to the University of Texas' McDonald observatory, located atop Mt. Locke in the Davis Mountains of western Texas.

## Carrier Mills Nine Pounds Out 15-1 Win Over Ridgway

Carrier Mills' high school baseball team pounded out a 15-1 victory over Ridgway Thursday afternoon. The game was played on the winners' diamond.

Evans, starting Carrier Mills hurler, paced his team at bat with three hits in as many tries, including a homer, double and single. Shadowons of CM also had three-for-three, including a two-baser and Cowger slammed out a double for Carrier Mills.

Evans, Absher, Reid and Mitchell pitched for the winners with Collins and Shadowons dividing the catching. For Ridgway Mills and Crayne pitched with Roark the reliever.

Carrier Mills scored 15 runs on 13 hits and made one error. Ridgway had one run, two hits and made four errors.

Monday afternoon Carrier Mills plays the Harrisburg Bull Dogs at Taylor Field and hosts Shawneetown Tuesday.

working immediately.

He is the second veteran trackster to decide to run after the season started. Last week Acie Gwaltney, runner, hurdler and jumper, reported. He is expected to be ready for the Mineral Area track meet at Hurst-Bush Saturday.

Ten former Illinois high school coaches have been voted into the coaches "Hall of Fame" and will receive awards of recognition at the annual spring football clinic at the University of Illinois April 20-21.

Included in the list is Merritt Allen of Freeport, former coach at Eldorado.

The coaches are honored for "outstanding achievement in the guidance of young men by promoting ideals of character, leadership, dependability and sportsmanship; the development of a co-operative spirit of athletic teams; and the contribution to the coaching profession."

## Star Rock Island High School Grid Player Dies of Auto Injuries

ROCK ISLAND, Ill. (AP) — Allen P. Clay, 18-year-old high school star football player, died Thursday of injuries suffered in a car mishap Monday night.

Clay was the second of three persons hurt in the accident to die of injuries. Ronald Cole, also 18, Rock Island High School wrestling champion in the 145-pound division, died Wednesday night. Kenneth Freitag, the driver of the car, was listed in critical condition. He has been charged with "reckless homicide."

## Minnesota Vote Against Rose Bowl Pact Prevents Automatic Renewal

CHICAGO (AP) — Minnesota's vote against renewal of the Big Ten Rose Bowl contract with the Pacific Coast conference prevented automatic extension of the agreement by the Western conference.

Until the Minnesota faculty voted to throw the matter back to the conference again, no school had voted against the extension.

Extension of the bowl pact, for an indefinite period, was approved by the conference's faculty representatives and athletic directors at Michigan State March 2.

But because the bowl agreement requires a waiver of legislation against post-season games, each renewal must be approved by the faculties of the individual members.

### Majority Sufficient Now

Should the faculty of one school object, the legislation returns to the conference for further discussion and can become effective when approved by a majority vote.

In the conference meeting last month Minnesota and Northwestern were the only schools against extension of the pact. Northwestern's faculty, while it opposed the bowl agreement, decided that another vote against the pact now would be meaningless because a majority of the conference will favor renewal at the next meeting, May 25-26, at Minneapolis.

Michigan State, Illinois, Wisconsin, Iowa, and Purdue have voted "renewal" while Northwestern did not report its opposition to the extension. Thus only Michigan, Indiana and Ohio State remain to vote on the agreement and none of these schools, in three previous votes on the bowl, ever has voted against it.

### Always Some Opposition

The Rose Bowl agreement never has won unanimous approval in the Big Ten. Minnesota has voted against the contract on every bal-

## Award Letters at Annual Basketball Dinner Held at Bonnell Gymnasium

### Players and Cheerleaders Are Recognized

Twelve basketball players, including six juniors and a sophomore, were given varsity awards last night at the annual basketball dinner held in Bonnell gym at the Harrisburg Township high school.

In addition, awards were given to eight Bull Pup squad members, to 10 frosh squad players and to 15 cheer leaders at the event, at which Principal Eltis F. Henson was the speaker of the evening.

Coach Lawrence Caluffetti gave the varsity awards to Ronnie Williams, Donald McGowan, Mike Hayes, Tony Beal and Jack Wright, seniors; Bill Henshaw, Bennie Fulkerson, Jim Cummings, Wayne Stone, Charles Cummings and John Sigler, juniors; and Ray Hassett, sophomore. The boys gave gifts for Mr. Caluffetti and Gene Bland, who became ill in January and gave up the head coaching duties.

Ben Chamness, Bull Pup coach, gave letters to Don Biggs, Phillip Kane, Ronnie Maynard, Bill Yates, Don Pickford, Ed Price, Ronnie Rauh and Zan Heffner. Kane, Maynard and Pickford are freshmen.

Freshman squad awards were given by Coach James Beers to A. J. Bryant, Harold Beal, Carl Fleming, Bob Pavelonis, Don Beggs, Gary Karnes, Mike Woolcott, Darrell Biggs, DeWayne Martin and Walter Thompson.

Pearl Parkhurst, supervisor of cheerleaders, gave awards as follows: Varsity—Carolyn Dewey, Joy Taylor, Jane Lasersohn, Judy Frank and Beverly Carpenter. Bull Pup—Jane Capel, Jane Davis, Judy Hicks, Karen Skaggs and Linda Rude. Freshmen—Sherry Gelsosky, Kay Mitchell, Brenda Jones, Roberta Steinborn and Connie Brown.

Representatives of each group receiving awards gave gifts to Mr. Chamness, Mr. Beers and Mrs. Parkhurst.

Mr. Henson used the letter LIFE in the theme of his talk on things that make a person great in athletics and in adult life.

The L stands for Loyalty, he

stated. No team or no person goes far without it, he said.

The I stands for Integrity. Successful participation will halt if one does not have it, Mr. Henson declared.

The F is for Faith. Mr. Henson said he did not like overconfidence but a person must have faith in himself, in his fellow players and in his coaches to be successful, and the same applies to the person in his later life.

The E is for Endeavor. "This means hard work," Mr. Henson said. "Great athletes were never afraid to train," he added. He also said that great persons were never afraid to prepare themselves.

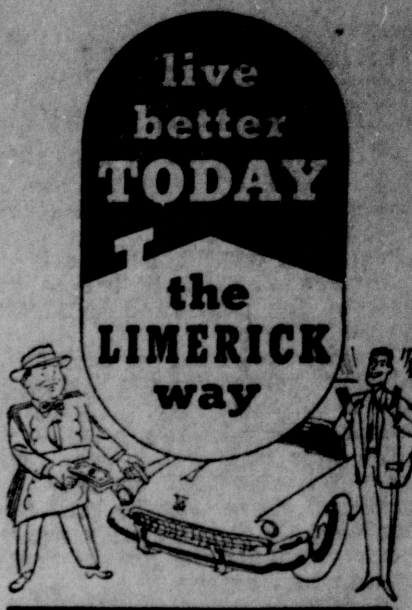

Before giving out the awards, Mr. Caluffetti told of the importance of proper attitude in a boy becoming a good athlete.

Many boys are about the same, physically speaking, he declared, pointing out that it was attitude that made the difference between the fine and the mediocre.

The meal, prepared in the school cafeteria by cafeteria personnel, was served by girls in Mrs. Marshall Cottrah's Homemaking classes.

The invocation was by Tony Beal.

Besides the players, coaches and cheer leaders, parents and special guests were present.

## St. Louis Voters Boost School Levy

ST. LOUIS (AP) — A \$1.30 St. Louis school tax levy has been approved by voters by a margin of more than 2-to-1.

In a light turnout, public school supporters cast 42,108 ballots in favor of the proposition to 19,830 against it.

The rate, assessed per each \$100 valuation, represents a 15-cent hike over the present levy. It will remain in effect for two years.

The new rate will provide an estimated \$2,400,000 annually in additional revenue to be used for increased teachers' salaries, social security benefits and general maintenance and repairs.

**THEY'RE THE FOYFS OF '55**—"FOYFS" being Four Outstanding Young Farmers as selected by the U. S. Junior Chamber of Commerce and the American Petroleum Institute committee on agriculture. Awards were made at a banquet in Pittsburgh, Pa. The winners are Robert Y. Sakata, 29, of Brighton, Colo., a truck garden and general farmer; A. D. Sprague, Jr., 35, of Sturgis, Ky., general farmer; William A. Powell, 35, of Princeton, Mo., a dairy farmer; and John R. Beckstrand, 35, of Warwick, N. D., a grain and cattle farmer. They were chosen following community and state eliminations in 47 states and Hawaii.

## Four Selected As Outstanding Young Farmers

PITTSBURGH (AP) — Four men who combined hard work and ingenuity to surmount personal tragedy and adverse conditions reigned today as the outstanding young farmers of the United States.

The four were selected Thursday night from among 48 finalists chosen in a nationwide contest, sponsored by the U. S. Junior Chamber of Commerce and the American Petroleum Institute's committee on agriculture.

They were Robert Y. Sakata, 29, Brighton, Colo.; A. D. Sprague Jr., 35, Sturgis, Ky.; William A. Powell, 35, Princeton, Mo., and John R. Beckstrand, 35, Warwick, N. D.

Sakata survived wartime relocation, critical injuries in an automobile accident and severe burns in a farm explosion to win one of the awards in the 21-35 age group talent search.

Beckstrand "started farming with nothing" and went broke when his crop was virtually destroyed.

Sprague began with a quarter interest in his family farm to end up with his own 1,365-acre establishment.

Powell studied for four years in an "on-the-farm" training program before setting out on his own.

The second annual search for the four outstanding young men in agriculture began last December when some 600 Jaycee chapters throughout the nation nominated the top farmer in each area. The finalists were weeded out through local and state competitions. They represented the Territory of Hawaii and every state except Delaware.

The finalists were chosen on basis of outstanding achievement, practice of conservation and service to their communities.

## Buford, Retired Police Chief Plead Innocent After Fight

MOUNT VERNON, Ill. (AP) — Mayor O. R. Buford and retired Police Captain Delbert Carlton, who staged a fist fight on the City Hall steps, have pleaded innocent to charges of disturbing the peace.

Buford entered his plea Thursday before a police magistrate. Carlton had pleaded innocent Wednesday. Both posted bonds of \$200 and a hearing was set for April 27.

Police Chief Verner Pigg filed complaints against Buford and Carlton as the result of their scuffle March 31. The fight came after Buford allegedly cursed Carlton over an incident two years ago.

The 66-year-old mayor and the former police captain apparently were not injured in the exchange of blows. Carlton, 42, retired in January after suffering two heart attacks within three months.

## Income Tax Deadline Nears

WASHINGTON (AP) — The Internal Revenue Service has simplified income tax forms and mechanized much of its paperwork to speed up refunds. But it can't seem to hurry the taxpayer himself.

The income tax deadline is now at hand and officials expect the same old last-minute rush at offices throughout the country. A progress report shows that as of March 1, when the latest nationwide figures were tabulated, 21½ million taxpayers had filed their returns. By the same date last year, some 22½ million had done so.

But last year was the first year the taxpayers got an extra month to pay because the filing deadline was moved from March 15 to April 15 and many probably were unaware of the change. It's April 16 at midnight this year because April 15 falls on Sunday.

"That extra month hasn't meant anything to us," one official said. "Before 1954 our work was crowded into about 2½ months, from about the first of February to around mid-April. Now it's the same 2½ months, but it starts a month later."

## Press Search for Daughter of Former Defense Official

WASHINGTON (AP) — Police and detectives today pressed a nationwide search for the blonde 16-year-old daughter of wealthy Frank M. Ewing, former high Defense Department official.

Grace Ewing, known to her friends as Peggy, disappeared from her swank Washington home during the night of Feb. 26. She left a note saying she wanted to be independent.

Police and private detectives working quietly until now have failed to find any trace of the tall, attractive teen-ager. Her disappearance was made public Thursday.

Ewing, who resigned in February as deputy assistant secretary of defense, has extensive insurance, real estate and banking interests here.

## Gray Asks Area Letters for Highway Bill

Congressman Kenneth J. Gray (D) 25th District of Illinois, today called upon every citizen of southern Illinois to rally in support of the new proposed Federal Highway Construction Bill, H. R. 846.

Gray said if Congress passes the bill it will provide for 4,000 miles of new super-highways in the U. S., and specifically a four-lane expressway running through southern Illinois. The southern Illinois Congressman said the bill is now being considered before the Public Works committee of which he is a member.

Gray asks the citizens of southern Illinois to write immediately to: Honorable Charles A. Buckley, Chairman, House Committee on Public Works, New House Office Building, Washington 25, D. C., and ask that Congress take immediate action to pass H. R. 846, the Federal Highway Construction bill.

Gray said the highway bill was one of the most important bills to come before the Congress in many years. He said, in addition to providing southern Illinois with a wonderful super-highway, it would help reduce traffic fatalities and provide hundreds of jobs for our unemployed people on the construction of roads.

The Congressman said that present plans call for a four-lane expressway running from Cairo to Chicago, in addition to two other interstate routes running east and west through the state.

Gray said he has 100% cooperation and support from the Illinois Division of Highways for this measure and asks all citizens to join in the effort to pass the bill.

## Young Husband Fatally Shoots Three, Kills Self

ANTLERS, Okla. (AP) — A 22-year-old husband shot his estranged wife, his mother-in-law and his brother-in-law with a shotgun Thursday night and then killed himself with a 22-caliber pistol.

A hastily assembled coroner's jury early today labeled three of the deaths murder and the fourth suicide.

Sheriff Lawrence Wade said the husband, Donald Sikes, took the shotgun and pistol to the rural home of his father-in-law, Joe Watts, about 23 miles east of here.

Wade said Sikes apparently saw his estranged wife, Thelma, 20, through a window. She had returned to live with her family after she and Sikes separated two months ago.

Sikes fired through the window into the living room, killing her instantly. Mrs. Watts ran into the living room and Sikes fired again killing her.

Watts ran out the back door and summoned authorities from the home of a neighbor.

Wade said Sikes next killed his brother-in-law, 17-year-old Thomas Watts, as the youth got out of an automobile.

Sikes' own body was found inside the house. He had discarded the shotgun and ended his life with a pistol.

The first automobile company organized in Michigan was the Olds Motor Vehicle Works at Lansing. Ransom E. Olds and Frank Clark were partners in the firm and produced their first car in 1898.

tion and support from the Illinois Division of Highways for this measure and asks all citizens to join in the effort to pass the bill.

## GOP Leaders Favor Broadcast if Ike Vetoes Farm Bill

WASHINGTON (AP) — House Republican leaders today encouraged the idea of a nationwide broadcast by President Eisenhower if he vetoes the farm bill.

House GOP Leader Joseph W. Martin Jr. said such a broadcast "would be the right thing." Martin added that "I think he will" veto the measure.

House Republican Whip Leslie C. Arends (Ill.) agreed that the President "certainly would be justified in going to the country on it." He, too, has been forecasting a veto.

But both emphasized that no actual plans for any such TV and radio broadcast have been discussed with them.

They voiced their views after White House Press Secretary James C. Hagerty said at Augusta, Ga., that Mr. Eisenhower is "considering" a speech on his farm bill action but that no final decision has been made.

The National Guard is the oldest military organization in the country. Its history goes back more than 300 years.

# WHAT DO YOU MEAN, "JUST FACE LIFTING"?

EVERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new — just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

### The Styling is New

Sure, it looks like a Buick. But it has a new V-prowed grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweep-spear is new—and it all adds up to a new sweep-ahead look that ends in a sassy new slant to the rear contours.

But that, friends, is only the beginning.

### The 1956 Dynaflo\* is New

It introduces what the engineers

call "double regeneration"—which means a double-action take-off. It gives you new, split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

### The Ride is New

To coil springs on all four wheels, a brawny X-braced frame, and torque-tube drive, the engineers have added deep-oil shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

### The Power is New

All 1956 Buicks have new 322-cubic-inch V8's—with record highs in power and compression—with unique

new double "Y" manifold to step up efficiency—with new carburetor "deicing"—and a host of other new features to make owning a Buick pure pleasure.

### The Thrill is New

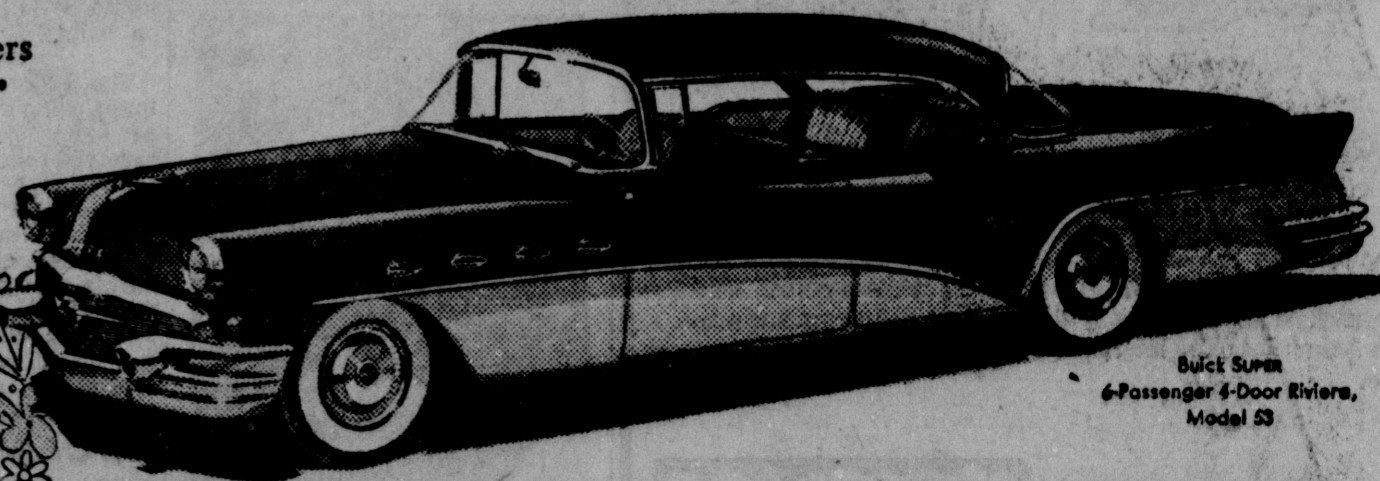

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the *best Buick yet*—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
